

FP7-ICT-2011-7 or FP7-2011-NMP-ICT-FoF INFO DAY

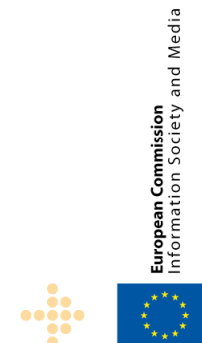

OBJECTIVE 1.3/7.3

Brussels, 8 October 2010

French SMEs in PACA: your research partners

EDITAG: Profile

- Hardware and software solutions based on the latest RFID and Internet Technologies
- Areas of expertise :
 - Security
 - Optimize asset management
 - Manufacturing processes traceability
 - Streamline logistics flows

EDITAG: Technological Offer

- Patented technological platform
- Expertise in mixing and matching RFID, internet and remote detection technologies (e.g. infrared, laser)
- Security and traceability solutions in a wide range of markets:
 - Protection of works of art
 - Pharmaceuticals industry...

Expected results

- Proof-of-concept
- Explore new markets
- Develop marketable solutions
- **EDITAG would provide added value to an FP consortium dealing with internet-connected objects or virtual factories**
