Strategic Project

Objective of NetWorld CA

- To support the eMobility Technology platform as a representative of the networking sector, **promoting public and private investment** in R & D for networking research

Operational Project Goals

- To increase the willingness of public and private bodies to **invest in R & D in networking** topics,
- To **inform** decision makers on key messages, and
- To support **consensus development** in the networking community

Plans for 2010

- **Launch** of new eMobility image with broader scope to be prepared for December 2010 – Launch in preparation for FIA in Ghent
- **Defining our messages** – with the Steering Board, Expert Group and stakeholders – close to completion
- **SRA v 9**
 - expert groups being formed and working on new white papers covering networking & application issues
- **Position Papers** – Digital Agenda, Grand Challenges
- **Mobile and Future networks Summit 2011** - Warsaw, June, Key Sponsor, Exhibition stand, Steering Board presence
- SME views survey, networking meetings call 7
- **Mobile and Future networks Summit 2010** – June, Florence, Italy, Key Sponsor, exhibition stand, eMobility session
- **General Assembly** – Venice, 16th September , 2010
- **ICT Event** – Brussels, 27-29th September, 2010, Exhibition stand, 2 networking sessions
