The European Commission has published an important announcement regarding the call for proposals for the priority 'global change and ecosystems', the deadline for which is 9 October.

All stage 1 Integrated Project and Network of Excellence proposals must contain, as outlined in the guide for proposers, a part A and a part B, while the 20 page limit applies to part B and does not include the part A forms.

Participants should also note that the effort form in part B of the proposal must also be submitted in the stage 1 proposal. To see the text of the relevant call, please visit: http://fp6.cordis.lu/fp6/call_details.cfm?CALL_ID=78
