The European Commission has published its 'Environment 2013 - Water INNO&DEMO' call for proposals. The document is part of the [latest set of calls](#) published under the EU's Seventh Framework Programme (FP7).

The call is expected to make a major contribution to the EU's strategic agenda for 2020, the European innovation partnership 'water' and the forthcoming blueprint to safeguard Europe's water resources. It encompasses two topics:

- Water innovation demonstration projects;
 - Ensuring the integration of water and innovation demonstration projects and support to trans-national networks of procurers.
- To see the official call announcement, please consult: [Participant Portal](#)
