The European Commission, DG III, has published the information package for the specific programme for information technologies under the Fourth Framework Programme for research and technological development and demonstration (1994-1998).

The information package contains detailed information about procedures and eligibility for the submission of proposals, about the contract that will be established with successful proposers, the work programme, as well as background material to the work programme.

Descriptions of work undertaken in earlier and related programmes are also available on request.

The Commission published a call for proposals for the programme on 15 December 1994.
