TETRAMAX offers 3 open calls to innovate in low-energy computing

At this moment TETRAMAX has 3 open calls! Don't miss these opportunities to get funding and kickstart your plan to innovate in low-energy computing!

© TETRAMAX

1. Call for Value Chain Oriented and Interdisciplinary Technology Transfer Experiments

Find the right EU-partners to experiment with low-energy computing solutions and get a head start with funding up to 100K! TETRAMAX can help you take your innovation to the next level. A great example from a previous call: Nox.Box

=> OPEN until **November 30, 2019**

Value Chain call <https://www.tetramax.eu/ttx/calls/tetramax-valuechain-ttx-3/>

2. Call for Entrepreneurial Technology Transfer Experiments

Need someone to show you the ropes on how to start a business in low-energy computing technology? Apply for the Entrepreneurial TTX call, get expert training and end up with a convincing business idea and to get "investor ready".

=> OPEN until **November 30, 2019**

Entrepreneurial call <https://www.tetramax.eu/ttx/calls/tetramax-entrepreneurial-ttx-2/>

3. Call for Bilateral Technology Transfer Experiments (TTX)

Find another European partner to work on an innovative technology in customized low-energy computing together and receive up to 50k of support!

=> OPEN until **December 31, 2019**

Bilateral call <https://www.tetramax.eu/ttx/calls/tetramax-bilateral-ttx-3/>
