This PIN is being published as part of the pre-commercial procurement market consultation process aiming at investigating the feasibility and options to deliver innovative solutions in the field of smart public lighting for European cities (i.e. addressing the functional specifications and desired societal impact, you will find in the market sounding prospectus available at the ENIGMA website, <http://www.enigma-project.eu/en/PCP-call/Market-consultations/About-market-consultations/> ).

The purpose of this PIN is to:

1. Forewarn the market that a procurement exercise may begin in the future;
2. Alert the market to innovative requirements, prior to any potential procurement process;
3. Facilitate participation in the market consultation process and ensure that the pre-commercial procurement programme is open and transparent.

This PIN is an indication only of potential future procurement activity and is not a commitment to procure. This PIN is not part of any pre-qualification or selection process.
