The **eGovMoNet** Thematic Network is co-funded by the European Commission, under the CIP project number 224998.
Project period: 2008-05-01 – 2010-05-01.
*The network participants are sorted alphabetically by country.

eGovMoNet
eGovernment Monitor Network

ICTPSP

Measure to create awareness and take informed action!

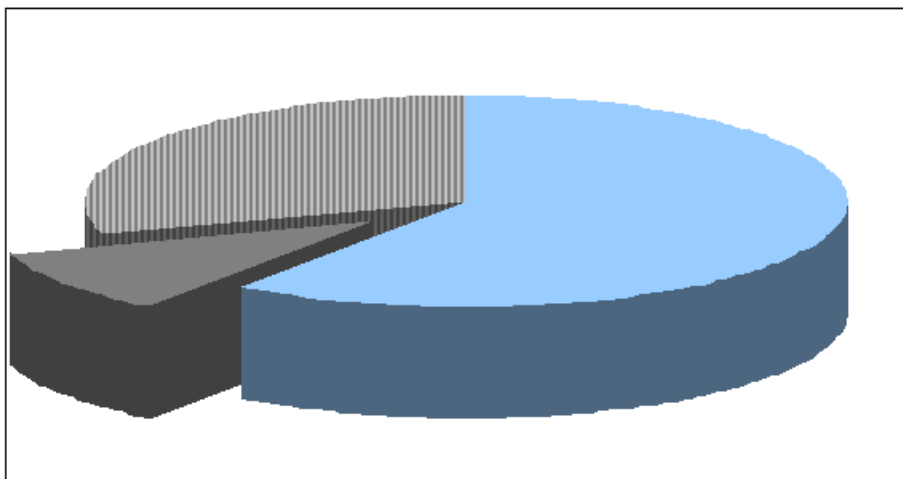

Harmonise the measurements to speed up the improvements of eGovernment services.

The **eGovMoNet** network will establish a community to review national eGovernment measurement frameworks. We will focus on streamlining the efforts across Europe to improve quality and comparability of results.

http://www.eGovmonet.eu

Main features of eGovMoNet.

- Raise the awareness and stimulate uptake of eGovernment impact and user satisfaction measurements.
- Contribute to the harmonisation and quality of measurement frameworks.
- Run five workshops covering a broad range of methodological issues, focused on exchanges of view, best practices and policy discussions.
- Establish a clear base line on the state of the art in eGovernment impact and user satisfaction measurement, including both methods and tools.
- Facilitate policy inputs beside on eGovernment impact and user satisfaction.

How to participate in the network?

We will create a broad and sustainable community across academia, industry, and public agencies, to stimulate and support development, implementation, identification, and re-use of best eGovernment impact and user satisfaction measurement frameworks and tools.

- **eGovMoNet activities will be open to all.**
  The results will be summarised in a series of papers developed under an open licence, ensuring the ease of further development and reuse.
- **Associate partners.**
  Any legal body will be admitted to join the network as an associate partner to participate in the network activities according to their own interest and without any obligations.
- **Associate experts.**
  Expert individuals qualified in measurement of eGovernment impact or user satisfaction will be admitted to join the network. Non-European members are welcome to join the network.
- **Reports and ways to present results**
  All the main outcomes of the events, including the templates and cases, will be published at the Practice.eu portal.
