Dear Marcel,

Thank you for acknowledging receipt of D4.4. I've also asked PSNC to make a download available of the videos themselves, please follow this link if you would like to download these for your archives: <https://box.psnc.pl/d/3c4dc166c9/>

I thought D4.4 had been safely received in summer 2015 (see below), I'm not sure what happened. If there is anything else that you would like for your archive, please let me know.

With best regards,

Kate

Dear Marcel,

I have pleasure in submitting LoCloud D4.4, the training videos, for review. I am attaching the accompanying report, the videos themselves are published online and made available via our support portal the link is included in the report.

I apologise for the delay to this deliverable, unfortunately this was due to delays from the video processing unit at Poznan.

With best regards,

Kate
