

Publishable Executive Summary

InJoy&Train is a 24 months Specific Support Action funded by the European Commission which aimed at improving in quality and quantity the participation of researchers, multipliers and SMEs in the „Food, Agriculture and Fisheries, and Biotechnology“ Theme of the 7 Framework Programme from KRUAB (Kazakhstan, Russia, Ukraine, Armenia and Belarus) countries in European research.

To achieve the overall objective, a multi-skilled consortium has been established in order to pursue 3 main workpackages covering the:

- Training of researchers, multipliers and SMEs from KRUAB Countries in the legislative and institutional environment of the „Food Quality and Safety“ (FP6) and „Food, Agriculture and Biotechnology“ (FP7). Member state partners of the consortium will train KRUAB project partners who will then train the KRUAB researchers, multipliers and SMEs;
- Awareness raising in Europe of skilled and potential partners from KRUAB countries available to take part in the „Food Quality and Safety“ (FP6) and „Food, Agriculture and Biotechnology“ (FP7).
