Abstract:

The TEMP project was a capacity building project, towards the strengthen of the technical and scientific competence within the EUROMED region in the field of textile technology related topics. The project main goal is to enhance the S&T cooperation in the Textile & Clothing field between Portugal, Italy and Tunisia by reinforcing strategic partnerships in this 3 research entities and 3 Innovation Promotion Associations, namely: CITEVE - Technological Centre for the Textile and Clothing Industry of Portugal (Coordinator); Centre Technique du Textile (CETTEX); Treviso Tecnologia (TVTEC); Next Technology Tecnotessile Societa Nazionale di Ricerca r.l. (NEXT TECNOTESSILE); The Portuguese Textile Association (ATP) and the Tunisian Innovation and Industry Promotional Agency (APII).
