## Call for Applications 2012

### EIPOD: EMBL Interdisciplinary Postdocs

Biology, Chemistry, Physics, Mathematics, Computer Science, Engineering and Molecular Medicine

- prestigious postdoctoral fellowships
- international call (all nationalities)
- interdisciplinary research projects
- secured three year funding
- positions come with generous health care benefits
- COFUNDED by EMBL and Marie Curie Actions

Candidates are invited to propose and design an interdisciplinary project of their choice, which should involve at least two EMBL groups from any of the five EMBL sites in France, Germany, Italy and the UK.

Alternatively, you may also choose to develop one of the available project ideas at:

[www.embl.org/eipod](http://www.embl.org/eipod)

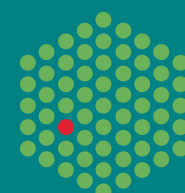

**Apply online before 13 September 2012**

**European Molecular Biology Laboratory**  
EMBL Advanced Training Centre  
Meyerhofstr. 1 · D-69117 Heidelberg · Germany  
Tel: +49 6221 387 8329 · E-mail: [eipod@embl.de](mailto:eipod@embl.de)
