NET-EUCEN Launch of Validation Workshop Campaign

NET-EUCEN is glad to announce the beginning of its validation workshops campaign. This will be a series of workshops that shall be used as main instrument for transfer of knowledge among network members and for the validation of single step-results

📅 9 Mai 2012 - 27 März 2013
📍 Austria

NET-EUCEN is glad to announce the beginning of its validation workshops campaign. This will be a series of workshops that shall be used as main instrument for transfer of knowledge among network members and for the validation of single step-results, namely:
1. the scenarios developed;
2. the eGovernment indicators of application of user-centricity;
3. the benchmarking of existing services against these indicators.
The validation of such challenging results is deemed and extended to the whole eGov Community as well. The validation will take place in the period from May 2012 to March 2013, all the workshops will be held in Brussels
09-May-2012 The "mobility scenarios" and the use of services-centred indicators.
06-Jun-2012 The "health scenarios" and their indicators.
05-Sep-2012 The "entrepreneurships scenarios" and their indicators.
03-Oct-2012 The business for user-centred scenarios and hypothesis of PPP.
07-Nov-2012 The "inclusion scenarios" and their indicators.
16-Jan-2013 The "educational scenarios" and their indicators.
13-Feb-2013 The application of scenarios and embedding in citizens' life events.
27-Mar-2013 Recommendation for use of Indicators.
