Postponement of the "AEIS 2020 Colloquium on Signatures of Matter's Mesoscopic States"

Regret and postponement

📅 12 March 2020 - 13 March 2020
📍 Paris, France

The "AEIS 2020 Colloquium on Signatures of Matter's Mesoscopic States" to take place on March 12 and 13, 2020, is postponed to, probably, October 8 and 9, 2020. AEIS (Interdisciplinary European Academy of Sciences - Académie Européenne Interdisciplinaire des Sciences) will provide in due time a new announcement with final dates. AEIS is sorry but had no choice due to the Coronavirus.

Keywords
mesoscopic states, "signatures"
