The mission of ENASE (Evaluation of Novel Approaches to Software Engineering) is to be a prime international forum to discuss and publish research findings and IT industry experiences with relation to novel approaches to software engineering. The conference acknowledges evolution in systems and software thinking due to contemporary shifts of computing paradigm to e-services, cloud computing, mobile connectivity, business processes, and societal participation.

Venue:
Porto, Portugal

Event date:
28 - 29 April, 2017

Regular Papers
Paper Submission: November 30, 2016
Authors Notification: February 1, 2017
Camera Ready and Registration: February 15, 2017

Position Papers
Paper Submission: January 19, 2017
Authors Notification: February 22, 2017
Camera Ready and Registration: March 8, 2017

Workshops
Workshop Proposal: January 12, 2017

Doctoral Consortium
Paper Submission: March 1, 2017
Authors Notification: March 14, 2017
Camera Ready and Registration: March 24, 2017

Special Sessions
Special Session Proposal: January 30, 2017
Paper Submission: February 13, 2017
Authors Notification: February 27, 2017
Camera Ready and Registration: March 8, 2017

Tutorials, Demos and Panels Proposals: March 6, 2017
Open Communications
Paper Submission: March 1, 2017
Authors Notification: March 14, 2017
Camera Ready and Registration: March 24, 2017

Scope:
The mission of ENASE (Evaluation of Novel Approaches to Software Engineering) is to be a prime international forum to discuss and publish research findings and IT industry experiences with relation to novel approaches to software engineering. The conference acknowledges evolution in systems and software thinking due to contemporary shifts of computing paradigm to e-services, cloud computing, mobile connectivity, business processes, and societal participation.

By publishing the latest research on novel approaches to software engineering and by evaluating them against systems and software quality criteria, ENASE conferences advance knowledge and research in software engineering, including and emphasizing service-oriented, business-process driven, and ubiquitous mobile computing. ENASE aims at identifying most hopeful trends and proposing new directions for consideration by researchers and practitioners involved in large-scale systems and software development, integration, deployment, delivery, maintenance and evolution.

CONFERENCE AREAS:
1. SERVICE SCIENCE AND BUSINESS INFORMATION SYSTEMS
2. SOFTWARE ENGINEERING

KEYNOTE SPEAKERS
Paris Avgeriou (University of Groningen, Netherlands).

CONFERENCE CHAIR
Leszek Maciaszek, Wroclaw University of Economics, Poland and Macquarie University, Sydney, Australia

PROGRAMME CO-CHAIRS
Ernesto Damiani, EBTIC-KUSTAR, United Arab Emirates
George Spanoudakis, City University London, United Kingdom
