Specific programme "People" implementing the Seventh Framework Programme of the European Community for research, technological development and demonstration activities (2007 to 2013)

Want a scientific career in Europe?

The “People” programme offers individuals the opportunity to follow a career in research.

European researchers should be encouraged to stay in Europe whilst at the same time the best researchers in the world should be attracted by European research excellence and infrastructures.

Building on the positive experiences with the “Marie Curie Actions”, the “People” programme should encourage individuals to enter the profession of researcher; structure their research training by offering options; and, encourage mobility within the same sector.

The mobility of researchers is not only key to the career development of researchers but also vital to the sharing and transfer of knowledge between countries and
