Non-intended health, economic and social effects of the COVID-19 epidemic control decisions: Lessons from SHARE (SHARE-COVID19)

Results

Project Information

SHARE-COVID19
Grant agreement ID: 101015924

Funded under
H2020-EU.3.1.
H2020-EU.3.1.1.
H2020-EU.3.6.1.

DOI
10.3030/101015924

Overall budget
€ 6 847 680,25

EU contribution
€ 6 847 680,25

Start date
1 November 2020

End date
31 October 2023

Coordinated by
MAX-PLANCK-GESELLSCHAFT ZUR FORDERUNG DER WISSENSCHAFTEN EV
Germany

Deliverables

Demonstrators, pilots, prototypes (14)

Refined healthcare analyses of the first round, design of the 2nd round survey
Refined analyses of healthcare differences across EU MS based on 1st round SCS design of the 2nd round survey
Descriptive housing analyses based on 1st round SCS
Descriptive analyses of housing differences across EU MS based on 1st round SCS

Descriptive activity analyses based on 1st round SCS
Descriptive analyses of activity differences across EU MS based on 1st round SCS

Descriptive inequality analyses based on 1st round SCS
Descriptive analyses of inequality differences across EU MS based on 1st round SCS

Descriptive health analyses based on 1st round SCS
Descriptive analyses of health differences across EU MS based on 1st round SCS

Refined activity and vulnerability analyses of the 1st round, design 2nd round
Refined analyses of activity and vulnerability differences across EU MS based on 1st round SCS design of the 2nd round survey

Descriptive healthcare analyses based on 1st round SCS
Descriptive analyses of healthcare differences across EU MS based on 1st round SCS

Descriptive labour market analyses based on 1st round SCS
Descriptive analyses of labour market differences across EU MS based on 1st round SCS

Refined housing analyses of the 1st round, design of the 2nd round survey
Refined analyses of housing differences across EU MS based on 1st round SCS design of the 2nd round survey

Refined labour market analyses of the 1st round, design of the 2nd survey
Refined analyses of labour market differences across EU MS based on 1st round SCS design of the 2nd round survey

Refined social analyses of the 1st round, design of the 2nd round survey
Refined analyses of social relationship differences across EU MS based on 1st round SCS design of the 2nd round survey

Descriptive social analyses based on 1st round SCS
Descriptive analyses of social relationship differences across EU MS based on 1st round SCS
