Project description

Supporting the EU Mission "Restore our Ocean and Waters by 2030"

In line with the European Green Deal, the EU Mission "Restore our Ocean and Waters by 2030" aims to eliminate pollution and make the blue economy (the economic activities that depend on the sea) carbon-neutral and circular. In this context, the EU-funded BlueMissionMed project will inspire, inform, assess, mobilise, connect and empower all the actors that can take a role in preventing and eliminating pollution in the Mediterranean sea and waters. The project will build on, connect and structure existing initiatives and activities with the aim of designing and supporting a
well-functioning basin scale innovation ecosystem as well as upscaling solutions in all forms (technological, social, business, governance). The aim is to ensure fast progress towards the achievement of the Mission objectives.

Keywords

BlueMissionMed

Programme(s)

HORIZON.2.6 - Food, Bioeconomy Natural Resources, Agriculture and Environment
HORIZON.2.2 - Culture, creativity and inclusive society
