CORDIS bietet Links zu öffentlichen Ergebnissen und Veröffentlichungen von HORIZONT-Projekten.

Links zu Ergebnissen und Veröffentlichungen von RP7-Projekten sowie Links zu einigen Typen spezifischer Ergebnisse wie Datensätzen und Software werden dynamisch von [OpenAIRE](#) abgerufen.

Leistungen

Dokumente, Berichte (4)

[Dissemination and exploitation plan including communication activities](#)

Describes the activities the whole consortium and third parties will need to undertake. Dissemination activities will be listed for the different target groups.

[Ecologies monitoring and reflection methodology](#)

The methodology to be used for the monitoring and the reflection of the ecologies. This will include when will the follow up take place as to not affect the SLE development and the types of intervention. It will also include how should the reflections and therefore final outputs be reported.

[Learner engagement evaluation methodology](#)

Participatory pedagogical design to deliver a collection of potential, but realistic learning paths supported by SLEs, describing learning opportunities

[The SLEs Methodology – First Version](#)

Develops the methodology for SLEs creation, including general guiding principles, procedures, and generic scenarios

Sonstiges (1)

[The SLEs Concept White Paper](#)

The vision and approach of the project to inform all subsequent work, based on the mapped landscape for SLEs through background study and analysis of the context, needs and aspirations, policy, relevant previous and current work.

Datenmanagementplan (1)

[Data Management Plan](#)

Describes how data will be handled during and after the project
