ENVIROMENTAL HEALTH RISKS IN EUROPEAN BIRTH COHORTS

Fact Sheet

Project Information

ENRIECO

Grant agreement ID: 226285

Closed project

Funded under
FP7-ENVIRONMENT

Start date
1 March 2009

End date
28 February 2011

Overall budget
€ 1 111 924,30

EU contribution
€ 919 423,58

Coordinated by
FUNDACIO CENTRE DE RECERCA EN EPIDEMIOLOGIA AMBIENTAL - CREAL
Spain

Objective

The overall aim of ENRIECO is to advance our knowledge on specific environment and health causal relationships in pregnancy and birth cohorts by providing support to exploitation of the wealth of data generated by past or ongoing studies funded by the EC and national programmes. Specific objectives are to make inventories of birth cohorts, assure quality and interoperability of exposure, health and exposure-response data, obtain data access, build databases, conduct analysis, make recommendations for data collection in the future to improve environment-health linkages and information, and disseminate the information. The project will bring together over 30 pregnancy and birth cohorts and information on around 250,000 newborns, infants and children from across Europe. The outcome will be structuring and consolidation of often fragmented data from various studies undertaken
throughout Europe and will improve the knowledge base for FP 7 Cooperation Work Programme 2008: Environment (including climate change) environment and health linkages. Data regarding environment-health causal relationships will be more readily available in a form useful for policy makers.

**Fields of science**

medical and health sciences › clinical medicine › obstetrics
social sciences › sociology › demography › fertility
medical and health sciences › health sciences › public health

**Programme(s)**

FP7-ENVIRONMENT - Specific Programme "Cooperation": Environment (including Climate Change)

**Topic(s)**

ENV.2008.1.2.1.6. - Databases based on European cohort studies and their exploitation for advancement of knowledge of environment-health relationships

**Call for proposal**

FP7-ENV-2008-1
See other projects for this call

**Funding Scheme**

CSA-CA - Coordination (or networking) actions

**Coordinator**

FUNDACIO CENTRE DE RECERCA EN EPIDEMIOLOGIA AMBIENTAL - CREAL
