GEO-RECAP will support Georgia in significantly enhancing the cooperation capacities of its leading ICT Research Institutes to form strong new cooperation partnerships relevant to FP7. This is achieved through a series of targeted networking events that will enable researchers to develop/enhance their skills and competences with regard to acquiring and participating in FP7 projects. GEO-RECAP will also assist in developing a sustainable strategy for increasing the research centers' regional coverage and to improve its response to the existing socio-economic conditions. The strategy will be developed by means of a comprehensive SWOT analysis carried out both at GTU-MICM and GTU-IC.

The project's central goal is to initiate and significantly increase scientific and technological cooperation between the ERA Research Centers. Namely, the two leading research centers of Georgia Technical University (GTU-MICM and GTU-IC).

The objectives of the project include:

- To conduct a series of targeted networking events between members of the Georgian research centers.
- To provide comprehensive practical and theoretical training to members of the Georgian research centers.
- To develop a sustainable strategy for increasing the centers' regional coverage and to improve its response to the existing socio-economic conditions.
- To coordinate a series of networking events between members of the Georgian research centers.
- To conduct a series of targeted networking events between partners of the ERA and the Georgian research centers.
- To develop a comprehensive strategy for increasing the research centers' regional coverage and to improve its response to the existing socio-economic conditions.

Programme(s)

- FP7-INCO - Specific Programme "Capacities": International co-operation

Topic(s)

- INCO.2010-6.1 - Eastern Europe and South Caucasus: Moldova, Georgia, Ukraine, Belarus, Armenia, Azerbaijan

Call for proposal

- FP7-INCO-2010-6

See other projects for this call

Funding Scheme

- CSA-SA - Support actions

Coordinator

- GEORGIAN TECHNICAL UNIVERSITY
- Address: Kostava 77, 0175 Tbilisi, Georgia
- Activity type: Higher or Secondary Education Establishments
- EU Contribution: € 157 932
