CORDIS provides links to public deliverables and publications of HORIZON projects.

Links to deliverables and publications from FP7 projects, as well as links to some specific result types such as dataset and software, are dynamically retrieved from OpenAIRE .

Deliverables

Websites, patent filings, videos etc. (1)

[Project Website is online](#)

The project website with at least a presentation of the project and the consortium will be published on the internet

Documents, reports (2)

[Overview article on CPV and CPVMatch](#)

One overview article on CPV and the project in respective magazines for the general public like EU Projects Magazine submitted

[LCA and LCC – report](#)

A data collection focused on cost data and on environmental hotspots. A final report that will summarize the results and interpretations of Life Cycle Assessment and Life Cycle cost studies of mirror-based HCPV modules and Fresnel-lens-based HCPV modules.
