Deliverables

[Documents, reports \(23\)](#)

[Simulation execution and evaluation](#)

D7.2.1 Simulation execution and evaluation. (Due date - month33)

[Evaluation](#)

D3.3.1 Evaluation Report. (Due date - month 36)

[D2.3.1 Report on use case testing](#)

This report will describe the testbed environment that is being used for evaluation and the results of execution of the use case applications on the testbed.

[Local Decision Strategies](#)

D4.2.1 Local Decision Strategies. (Due date - months 12,18)

[Service Description Format](#)

D5.1.1 Service description format specification. (Due date - month15)

[D8.3.2 Report on CloudLightning Concertation](#)

A follow-up deliverable to D8.3.1, this report will provide updates on targets, detailed figures and progress towards implementing the concertation plan.

[D8.1.3 Exploitation Plan and Strategic Guidelines for Exploitation](#)

A separate report relating to the outputs from the Delphi Method research Task 8.1.1 Industry Exploitation.

[Gateway Service](#)

D5.2.1 Gateway service. Due date (month 24)

[Gateway service user interface](#)

D5.3.1 Gateway service user interface. (Due date - month30)

[Coalition Formation](#)

D4.3.1 Coalition Formation. (Due date - month20)

[Prototype Specification and API](#)

D4.1.1 Protocol specification and API. (Due date - month12)

[Simulation Report](#)

The simulation report that will constitute all results obtained from the exhaustive experimentation on large scale simulations. The report will constitute qualitative metrics along with the results of several parameterised executions, mainly resulting from the testbed of WP2. Theoretical models will accompany the results for validation purposes in order to predict the behaviour of the proposed models

of even larger scale executions. The results of simulation execution will validate the proposed methodology against the initial project objectives.

[D8.1.1 Exploitation Plan and Strategic Guidelines for Exploitation](#)

The first deliverable will provide details about the exploitation plan and Strategic Guidelines for exploitation as laid out in Task 8.1.

[D8.2.3 CloudLightning Dissemination](#)

The final report under Task 8.2 will provide updates on targets, detailed figures and progress towards the implementation of the dissemination strategy, including a review of all dissemination activities undertaken during the project.

[D8.3.3 Report on CloudLightning Concertation](#)

The final report will include a review of all concertation activities undertaken during the project under Task 8.3.

[D8.1.4 Exploitation Plan and Strategic Guidelines for Exploitation](#)

This final report will include a review of all exploitation activities undertaken during the project including updates on targets, detailed figures and progress towards implementing the exploitation strategy.

[Large scale modelling and simulation framework](#)

D7.1.1 - Large scale modelling and simulation framework. (Due date - month29)

[Integration](#)

D3.2.1 Final Integration Plan (Due date - month 30)

[Service Deployment and Management](#)

D4.4.1 Service Deployment and Management.(Due date - month21)

[D8.2.1 CloudLightning Dissemination](#)

The first deliverable will provide details about the Dissemination Plan, implementation of the project website, Basecamp and social networking accounts and a progress report on agreed activities to raise public awareness and participation, and impact against planned metrics in the first 12 months.

[D8.1.2 Exploitation Plan and Strategic Guidelines for Exploitation](#)

A follow-up report to D8.1.1 that will provide updates on targets, detailed figures and progress towards implementing the exploitation strategy.

[D8.3.1 Report on CloudLightning Concertation](#)

The first deliverable will provide details about the Concertation Plan and a progress report on concertation activities and impact against planned metrics in the first 12 months.

[D8.2.2 CloudLightning Dissemination](#)

Follow-up report to D8.2.1 will provide updates on targets, detailed figures and progress towards implementing the dissemination strategy.

Demonstrators, pilots, prototypes (3)

[Integrated use cases](#)

D2.2.1 Integrated use cases This report will describe the integrated use case applications and document their capabilities and structure. (Due date - month 24)

[Architecture](#)

D3.1.1 Report on State of the Art and Draft Architecture (Draft, internal). (Due date - month 6) D3.1.2 Report on State of the Art and Architecture (updated, public, for review). (Due date - month 12)

[Use Case Requirements Report](#)

D2.1.1 Use case requirements report This report will detail the requirements of, opportunities for and means to evaluate the identified use case applications. (Due date - month 8)
