European Technology and Innovation Platform Bioenergy – Support of Advanced Bioenergy Stakeholders 2016 - 17

Wyniki

Informacje na temat projektu

ETIP Bioenergy-SABS

Identyfikator umowy o grant: 727509

[Strona internetowa projektu](#) 

DOI

[10.3030/727509](https://doi.org/10.3030/727509) 

Projekt został zamknięty

Data podpisania przez KE

12 Lipca 2016

Data rozpoczęcia

1 Września 2016

Data zakończenia

31 Sierpnia 2018

Finansowanie w ramach

SOCIETAL CHALLENGES - Secure, clean and efficient energy

Koszt całkowity

€ 599 105,00

Wkład UE

€ 599 105,00

CORDIS oferuje możliwość skorzystania z odnośników do publicznie dostępnych publikacji i rezultatów projektów realizowanych w ramach programów ramowych HORYZONT.

Odnośniki do rezultatów i publikacji związanych z poszczególnymi projektami 7PR, a także odnośniki do niektórych konkretnych kategorii wyników, takich jak zbiory danych i oprogramowanie, są dynamicznie pobierane z systemu [OpenAIRE](#) .

Rezultaty

Dokumenty, raporty (35)

[Report on the assessment and mapping of the SRIA status quo for Bioenergy topics](#) 

[Report 1 about communication activities](#) 

Report 1 about communication activities (interim)

[Presentation of Monitoring Results & Recommendations of modifications for actions - Interim report](#) 

Presentation of Monitoring Results & Recommendations of modifications for actions - Interim Report

[Summary reports about cooperation efforts with ETIPs and other stakeholder groups - Final Update](#) 

[Reports on highlights, facts, figures and trends in bioenergy from the European Biomass Conference and Exhibition – Final update](#) 

Reports on highlights, facts, figures and trends in bioenergy from the European Biomass Conference and Exhibition – Final report

[Report 2 about communication activities](#) 

Report 2 about communication activities (final)

[Report about technical achievements and improvements of website](#) 

Report about technical achievements and improvements of website (will be included to D5.2)

[Web-dissemination report](#) 

Web-dissemination report detailing, updating and use of website over the period of project (will be included to D5.2)

[Communication plan](#) 

[Stakeholder Plenary Meeting](#) 

Stakeholder Plenary Meeting: Meeting held, report compiled, including a reader as annex

[Updated overview on general information for each of the 8 topics](#) 

Updated overview on general information for each of the 8 topics: 1. Biomass resources; 2. Supply systems; 3. Conversion technologies; 4. Biorefinery concepts; 5. End products; 6. Policy & sustainability; 7. Regional information; 8. Market demand analysis

[Second list of attended conferences by the ETIP](#) 

[Update and extended SRIA to bioenergy topics](#) 

[Report on barriers to biofuels and bioenergy deployment and recent developments](#) 

[Proposal of action to SC promote and implement SRIA 2016](#) 

[First list of attended conferences by the ETIP](#) 

List of attended conferences by the ETIP Bioenergy

[Presentation of Monitoring Results & Recommendations of modifications for actions – Final Update](#) 

[Report 2 about 3 SC meetings](#) 

[Final summary report “change management”](#) 

Final summary report about implemented actions regarding the “change management” implementation

[Reports on highlights, facts, figures and trends in bioenergy from the European Biomass Conference and Exhibition – Interim report](#) 

[Report 1 about 3 Newsletters sent](#) 

[Report about minimum 6 articles published](#) 

Report about minimum 6 articles published / D 5.8 Report about articles published press-review and media coverage

[Summary reports about SET Plan governance alignment implementations – Final Update](#) 

Report about proposed actions regarding the alignment with the SET Plan governance to the EC - Final Update

[Summary of 4 Reports on execution of WS/ Event](#) 

4 Reports on execution of WS/ Events. Individual reports will be prepared by INCE BE2020+, FNR and ETA in M5, 10, 15 and 20

[Second report on promotion activities of SIRA 2016](#) 

2 of 3 reports

[Report 2 about 3 Newsletters sent](#) 

[Overview on general information for each of the 8 topics](#) 

Overview on general information for each of the 8 topics (information updated and expanded): The seven topics are: 1. Biomass resources; 2. Supply systems; 3. Conversion technologies; 4. Biorefinery concepts; 5. End products; 6. Policy & sustainability; 7. Regional information; 8. Market demand analysis

[Report about maintenance and content update of website](#) 

Report about maintenance and content update of website (will be included to D5.2)

[Array of fact sheets](#) 

Array of fact sheets: Five new fact sheets on e.g. biorefinery concepts, aviation biofuels, combined heat and power facilities, hybrid facilities between bioenergy and other renewable energies, marine biofuels, market demand analysis and sustainability aspects of bioenergy. Basically fact sheets will provide a more detailed coverage of a topic as defined in D3.2/D3.3

[Summary reports about SET Plan governance alignment implementations - Interim](#) 

Summary reports about implemented actions regarding the alignment with the SET Plan governance Interim report

[Summary reports about cooperation efforts with ETIPs and other stakeholder groups Iterim](#) 

Summary reports about cooperation efforts with ETIPs and other stakeholder groups - Interim report

[Report 1 about 3 SC meetings](#) 

[Last report on promotion activities of SIRA 2016](#) 

3 of 3 reports

[Membership statistics](#) 

Membership statistics: Statistics showing the geographical origin of stakeholders, and type of organisation

[First report on promotion activities of SIRA 2016](#) 

1 of 3 reports

Inne (2)

[Databases](#) 

Databases (updated and expanded): The existing databases on: 1. Database on demonstration projects 2. Database on research projects and reports 3. Events database 4. Stakeholder database will be updated and expanded to also cover bioenergy technologies for the production of power and heat.

[Updated databases](#) 

Updated databases on: 1. Database on demonstration projects 2. Database on research projects and reports 3. Events database 4. Stakeholder database.
