Status
Ongoing project

Start date
1 September 2017
End date
31 August 2021

Funded under
H2020-EU.3.3.7.
H2020-EU.3.3.1.

Overall budget
€ 470 550

EU contribution
€ 470 550

Coordinated by
SOFIA ENERGY CENTRE LTD
Bulgaria

Objective

Rhodoshop project aims at assisting local public authorities and other stakeholders in small sized rural municipalities in Rhodope Region of Bulgaria in successful launching and implementation of sustainable energy projects. The project focuses on creation of a pilot programme for financing investment by establishing Rhodoshop Programme Development Unit (PDU) - a structure to act as central procurement agency on behalf of local authorities to undertake energy retrofitting works in their buildings and street lighting systems. Rhodoshop PDU represents innovative financing model of One-Stop-Shop replicated in Rhodope/Bulgarian context, focused on building investment project pipelines that will combine/bundle suitable projects in the subscribed municipalities (currently six with the possibility to include others in the course of work) in order to gain critical mass and get better financing terms. After
accomplishing the pipe-lines respective public tenders will be launched in compliance with Green Public Procurement principles in order to make the best choice of environmentally friendly, energy efficient and cost effective products and services. Within its 48 months pilot phase Rhodoshop PDU will mobilize 7.067 MEUR investments for energy efficiency improvements in 32 public buildings and 0.660 MEUR investments for refurbishment in street lighting networks in 31 settlements of Rhodope Region. The energy savings resulting from the action are assessed to 11.276 GWh/year.
